Date of Birth : 13/4/1985  
Qualification : B.A.M.S. MD. (Sharir Kriya)  
Experience : 0.2 years

In this department our goal is to explain the physical activities of human being pretext to ayurved Dosh, Dhatu, Mala theory vis-a vis modern advances. Also there is great deal of emphasis on man (Psyche-Mind) and Atma (Soul) & Functions of Dosh, Dhatu & Mala.

In asthanga Ayurved one may not find this subject separately discussed as a science advanced sharir vichaya i.e., knowledge about sharir kriya and rachana expanded.

To support logical thinking to become successful ayurved physician one require thorough knowledge of Sharir Tridosha, Saptadhatu and Trimala. In this department we have well equipped laboratory, study to Haematology. We have all types of Microscopes & chemicals. Also to study the Functions of other organs we have the good Quality Modern Instrument like ECG Machine, Spirometer, Centrifuge Machine etc. to conduct smoothly all type of physiology practicals. We have fulfilled all the requirements as per CCIM rules & Regulations.
