

Activities towards maintenance of Quality in Prasutitantra and Striroga

1. Strict quality assurance is maintained while carrying out Prasutitantra and Striroga related procedures.
2. A quality assurance committee has been formed as follows :

Sr no.	Name of faculty	Designation	Committee Designation
1	Dr. Sunil More	Professor & HOD	Chairman
2	Dr. Varsha Deshmukh	Professor	Member
3	Dr Yogeshwar Chaudhari	Associate professor	Member
4	Dr Dinar Sawant	Assistant Professor	Member
5	Dr Suvarna Boraste	Assistant professor	Member
6	Dr Smita Pote	Assistant Professor	Member

3. SOPs have been laid down for the conduct Prasutitantra and Striroga procedures.
4. Strict adherence to the SOP's is maintained.
5. Any shortcomings are corrected.
6. The SOP's are reviewed regularly and modified if needed.

Details of training content towards various procedures related to Prasutitantra and Striroga

Training given to the paramedical staff regarding :

- Various procedures of Prasutitantra and Striroga procedures and their importance to the patients.
- Maintenance of proper hygiene during procedure and use sterile instruments.
- Use of lukewarm liquids such as Kwath. Ghrita and Oil (Maintenance of temperature) during procedures like Uttarbasti. Yonidhawan, Yonipichu, Garbhini Basti.
- To avoid any injury to the patient due to any instrument or hot liquids during procedures.

Frequency of training and skill development programs for Postgraduate students about - Prasuti and Strirog Procedures

Continuous training is essential for all medical procedures. It ensures to reduce errors and mistakes and thus, help in maintaining the quality care for the patients.

The Postgraduate students are advised to get the skills updated regularly. Also reorientation training programmes are arranged for them.

This institute insists on timely training of the paraclinical staff also.

The schedule of the training is as follows.

1. Reorientation training of Postgraduate students - Every six months
2. Training of the paraclinical staff-Every six months.

The attendance of the training sessions is well maintained.

Training methodology

This training includes the following-

- 1) Communication and etiquettes for patient care.
- 2) Theory/Praktical sessions for basics of procedures.
- 3) Training regarding SOPs of procedures.
- 4) Hand on training to the staff.
