## 8.1.1 Integration of different systems of health care in the teaching hospital

### Response:

Saptashruni Ayurved Mahavidyalaya & Hospital is treating patients of acute and chronic illness like CKD, Cirrhosis of the liver, autoimmune disease, Ulcerative colitis, Arthritis, Ascites etc. and adopts different systems of health care in teaching hospital. Following are details of the same.

- Integration policy is adopted to manage such patients and for this institute has integrated with the other system of health sciences like, Conventional medical sciences, Yoga, Physiotherapy and Panchakarma.
- The institute plans and conducts Yoga sessions for the patients who are availing treatment in the hospital. These sessions includes Meditation therapy, Yogasana, Pranayama. For conducting these sessions institute has appointed qualified yoga instructor. Peripheral Camp Committee of the institute conducts awareness programs for nearby rural areas regarding the yoga and its importance in physical fitness.
- Institute has full-fledged Physiotherapy Unit for adult and pediatric patients with availability of qualified physiotherapist, for the patients suffering from Arthritis, Cerebro vascular accidents, Musculoskeletal disorders and Neurological conditions etc.
- Institute has made a provision for handling emergency medical treatments.
- Expert physician and surgeon of modern medicine (Allopathy) are available for handling emergency conditions such as Hyperglycemia, Uncontrolled Hypertension, Acute conditions and various other emergencies.
- Well-equipped ambulance along with trained staff in basic life support is round the clock available in the campus for facilitating quick transfer of the patients who has developed life threatening medical condition.
- The Hospital is having well equipped radiology department with facility of Obstetric & non-obstetric U.S.G and digital X-ray unit with Radiologist.
